

## Recent Publications in this Series:

- 32/2004 Teijo Yrjönen**  
*Extraction and Planar Chromatographic Separation Techniques in the Analysis of Natural Products*
- 33/2004 Päivi Tammela**  
*Screening Methods for the Evaluation of Biological Activity in Drug Discovery*
- 34/2004 Johanna Furuhjelm**  
*Rab8 and R-Ras as Modulators of Cell Shape*
- 35/2004 Reetta Kariola**  
*Molecular Pathogenesis in Hereditary Non-Polypoid Colorectal Cancer (HNPCC) Syndrome*
- 36/2004 Pauliina Lankinen**  
*Lignolytic Enzymes of the Basidiomycetous Fungi *Agaricus bisporus* and *Phlebia radiata* on Lignocellulose-Containing Media*
- 37/2004 Katri Juuti**  
*Surface Protein PIs of Methicillin-Resistant *Staphylococcus aureus* - Role in Adhesion, Invasion and Pathogenesis, and Evolutionary Aspects*
- 38/2004 Martin Bonke**  
*The Roles of WOL and APL in Phloem Development in *Arabidopsis thaliana* Roots*
- 1/2005 Timo Takala**  
*Nisin Immunity and Food-Grade Transformation in Lactic Acid Bacteria*
- 2/2005 Anna von Bonsdorff-Nikander**  
*Studies on a Cholesterol-Lowering Microcrystalline Phytosterol Suspension in Oil*
- 3/2005 Nina Katajavuori**  
*Langittu tielo vapaksi—Asiantuntijus ja sen kehityminen farmasiassa*
- 4/2005 Ras Trökovic**  
*Fibroblast Growth Factor Receptor 1 Signaling in the Early Development of the Midbrain-Hindbrain and Pharyngeal Region*
- 5/2005 Nina Trökovic**  
*Fibroblast Growth Factor 1 in Craniofacial and Midbrain-Hindbrain Development*
- 6/2005 Sanna Edelman**  
*Mucosa-Adherent Lactobacilli: Commensal and Pathogenic Characteristics*
- 7/2005 Leena Karhinen**  
*Glycosylation and Sorting Of Secretory Proteins in the Endoplasmic Reticulum of the Yeast *Saccharomyces cerevisiae**
- 8/2005 Saurabh Sen**  
*Functional Studies on alpha2-Adrenergic Receptor Subtypes*
- 9/2005 Tiina E. Raevaara**  
*Functional Significance of Minor MLH1 Germine Alterations Found in Colon Cancer Patients*
- 10/2005 Katja Pihlainen**  
*Liquid Chromatography and Atmospheric Pressure Ionisation Mass Spectrometry in Analysing Drug Seizures*
- 11/2005 Pietri Puustinen**  
*Posttranslational Modifications of Potato Virus A Movement Related Proteins CP and VPg*
- 12/2005 Irngard Suominen**  
**Paenibacillus* and *Bacillus* Related to Paper and Spruce Tree*
- 13/2005 Heidi Hyttäinen**  
*Regulatory Networks Controlling Virulence in the Plant Pathogen *Erwinia Carotovora* Ssp. *Carotovora**
- 14/2005 Saana Janhunen**  
*Different Responses of the Nigrostriatal and Mesolimbic Dopaminergic Pathways to Nicotinic Receptor Agonists*

DENIS E. KAINOV Packaging Motors of Cystoviruses

# Packaging Motors of Cystoviruses

DENIS E. KAINOV

Institute of Biotechnology and  
Department of Biological and Environmental Sciences  
Division of Genetics  
Faculty of Biosciences  
University of Helsinki and  
National Graduate School in Informational and Structural Biology  
Åbo Akademi
